Offspring may be from multiple litters as long as they are not over 1 year old and share the same set of parents. The exhibitor will be judged on their knowledge of their breeding program as well as the quality of the offspring produced. Exhibitor should be prepared to answer questions about the litter, as well as explain their reasoning for selecting each parent to breed and if they believe their litter was a success or not and why. Classes should be entered based on how many years the exhibitor has been breeding rabbits in general, not a specific breed. Rabbits entered in breeder's class will not be counted as one of your 12 entries unless a rabbit is entered in another class as well. Partnership entry is for 2 rabbit project members who worked together to breed a single litter (one owns the doe and one owns the buck). The same offspring and pair of adults entered in partnership may not be entered in classes 1-3.
